Treasury Department,

BUREAU OF THE MINT,

Washington, D. C., June 4th, 1883.

Sir:

I have received your letter of the 23^d ultimo enclosing two original certificates of Deposit made on that day with the Assistant Treasurer in your city, covering into the Treasury charges collected during the month of April 1883.

I am surprised that you should deposit the amount collected as a toughening charge with the alloy, bar and melting charges, instead of including the amount with the refining charges. I have made the correction on the certificate, and have forwarded certificate No. 5733 to the Secretary with the request that the amount, \$898.⁵¹, be covered

84.21
 into the Treasury to the credit of the appropriation for Parting and Refining Bullion, and that of Certificate of Deposit No. 5734, \$47.⁶⁹³ be covered into the Treasury as a "miscellaneous receipt" and \$37.²⁸ to the credit of the appropriation for Parting and Refining Bullion.

46.93
 As this is not the first time that errors have occurred in depositing your charges I call your special attention to it, as it is difficult to correct errors of this kind after the money has been deposited.

Very respectfully,
 R. E. Proctor

Sir:

I have received your letter of the 23d ultimo enclosing two original Certificates of Deposit made on that day with the Assistant Treasurer in your city, covering into the Treasury charges collected during the month of April 1883.

I am surprised that you should deposit the amount collected as a toughening charge with the alloy, bar and melting charges, instead of including the amount with the refining charges. I have made the correction on the Certificate, and have forwarded Certificate No. 5733 to the Secretary with the request that the amount, \$898.51, be covered into the Treasury to the credit of the appropriation for Parting and Refining Bullion, and that of Certificate of Deposit No. 5734, \$46.93 be covered into the Treasury as a "miscellaneous receipt" and \$37.28 to the credit of the appropriation for Parting and Refining Bullion.

As this is not the first time that errors have occurred in depositing your charges I call your special attention to it, as it is difficult to correct errors of this kind after the money has been deposited.

Very respectfully,
R.E. Preston
